

DHCA1405: Pre-Clinic II

Credit Hours: 4

Clock Hours: 30/80/0

This course builds on all of the knowledge and skills introduced in DHCA1411 with the expectation that those foundational skills will be carried on throughout in this course as students now learn initial instrumentation skills with scalers and curettes. Skills culminate in a clinical process evaluation to include all learned skill from both Pre-clinic courses.

Prerequisites:

DHCA1411
